

Antigelo P4

Anti-freeze powder with set-accelerating function.

Fields of application:

- for the application of cement at temperatures lower than 0°C;
- for preparing screeds and renders at low temperatures;
- for packaging mortars in winter time;
- professional use only.

Characteristics:

Antigelo P4 is made of special powder additives to prepare screeds and renders at temperature from +5 to -10°C. The chloride-free formula guarantees results lasting in time with unchanged final resistance and a high workability. This product is indicated for indoor and outdoor civil, commercial and industrial applications.

Preparation:

Antigelo P4, must be added from 1 kg to max. 2 kg every 100 kg of cement while mixing the cement/aggregate/water mixture. Mix a few minutes till getting a smooth mixture. It is recommended to carry out preliminary tests.

Application:

Antigelo P4, must be added from 1 kg to max. 2 kg every 100 kg of cement while mixing the cement/aggregate/water mixture. Mix a few minutes till getting a smooth mixture. It is recommended to carry out preliminary tests.

Quality and Environmental Standards:

Antigelo P4 undergoes constant, careful testing at our laboratories, in compliance with the legislation in force-UNI EN ISO 9001/2015.

Warning:

- do not apply in temperatures below -10°C;
- check workability and bear in mind that setting is much quicker;
- avoid casting in the afternoon as the falling nighttime temperatures may affect the mechanical resistance ratings.

Technical and application specifications

Hazard classification as per Directive 99/45/EC:	contains caustic substances
Application temperature:	from -10°C to +10°C
Solid residue:	100%
Harmonised customs code:	38244000

Measurement of data at 23°C/50% Residual Humidity and no ventilation. The data may be considerably modified by the conditions of use.

Characteristics	Application methods	Consumption
Ready-for-use Low use temperature For indoor and outdoor application	Concrete mixer Shovel	1-2 kg every 100 kg of cement
		Storage
		Shelf life of 12 months in the original packages and in a fresh, dry place

Code	Product	Form and color	Packages	Pallet
320201	Antigelo P4	White powder	1 kg x 15 pcs	360 kg
